RELEVANT EXPERIENCE

Instructional Systems Designer, UX/UI Crossover, Unisys Corporation, Washington, DC Mar. 2017 - Present

- Align with the Federal Systems Market and Training Development Community within the Department of Justice's Asset Forfeiture Program
- Collaborate with Analysts and Developers throughout development, staging, QA, & production (SDLC) of newest Consolidated Asset Tracking System (CATS) releases
- Coordinate with SMEs to create government client-facing deliverables including sitemaps, end-to-end user/agency journey maps, wireframes, usability testing, user scenarios, process flows, and digital courseware and sites for eLearning deployment

Marketing Coordinator, Citizen Engagement Lead, Carahsoft Technology Corp., Reston, VA Sept. 2015 – Mar. 2017

- Conducted over 80 integrated marketing campaigns in the public sector for Adobe and its partners, and 18 complementary enterprise IT vendor-accounts, resulting in \$2M in revenue
- Managed \$30K in marketing development funds per quarter for Adobe's partner enablement and demand generation
- Handled planning, logistics, and execution of on-site programs in 20 states across the country, including tradeshows, summits, seminars, workshops, and partner exchanges
- Designed and created custom content for webcasts, email promotions, whitepapers, and social media initiatives
- Tracked performance and metrics of campaigns and analyzed impact on profitability through cross-channel treatments, control groups, and A/B Testing
- Organized Carahsoft's 6th Annual Citizen Engagement Seminar as Event Manager, attaining 16 government & industry speakers, which garnered over 400 registrants, and accrued the largest financial backing from vendor sponsorships
- Developed new marketing training curriculum and best practice materials for the successful on-boarding of 17 new Coordinators, and spearheaded the Mentorship Program, in concert with upper management

ADDITIONAL EXPERIENCE
